

Git From Scratch

Watch the short InLearning video titled [Git From Scratch](#). This is a short set of videos that explains the commands you will use in this class (except for rebase). When you have finished the tutorial, take a screenshot, it should look like this.

I recommend connecting this certificate to your LinkedIn profile

Congratulations, Charles!

Publish your accomplishment on your LinkedIn profile by connecting your account. Millions of learners have already shared their learning and certificates. [Learn more](#)
